## OOGIE BOOGIE

Large undead, Chaotic Evil

Armor Class 14  
Hit Points 110 (3d10 + 39)  
Speed 30 ft.

STR	DEX	CON	INT	WIS	CHA
20(+5)	17(+3)	20(+5)	15(+2)	14(+2)	12(+1)

**Damage Vulnerabilities** fire, radiant, slashing  
**Damage Immunities** necrotic, poison  
**Condition Immunities** charmed, frightened, petrified, poisoned  
**Senses** Inert  
**Languages** Abyssal, Common, telepathy 120 ft.  
**Challenge** 13 (10,000 XP)

**Regeneration.** Oogie Boogie regains 10 hit points at the start of its turn if it has at least 1 hit point and isn't incapacitated. If Oogie Boogie takes fire damage, this trait doesn't function at the start of Oogie Boogie's next turn. Oogie Boogie is destroyed only if he starts his turn with 0 hit points and doesn't regenerate.

**Worms.** If Oogie Boogie is targeted by an effect that cures disease or removes a curse, all the worms infesting it wither away, and it loses its Burrowing Worm action.

**Legendary Resistance (3/Day).** If Oogie Boogie fails a saving throw, it can choose to succeed instead.

**Magic Resistance.** Oogie Boogie has advantage on saving throws against spells and other magical effects.

**Innate Spellcasting.** Oogie Boogie's innate spellcasting ability is Charisma (spell save DC 15). He can innately cast the following spells, requiring no material components:

*At will:* detect magic, fog cloud, dispel magic, fear, command, darkness  
*3/day each:* dominate person, sleep, Hallucinatory Terrain

### Actions

**Bite.** Melee Weapon Attack: +5 to hit, reach 10ft., one creature. Hit: 10 (2d6 + 3) piercing damage plus 10 (3d6) necrotic damage.

**Burrowing Worm.** A worm launches from Oogie Boogie at one humanoid that Oogie Boogie can see within 10 feet of it. The worm latches onto the target's skin unless the target succeeds on a DC 11 Dexterity saving throw. The worm is a Tiny undead with AC 6, 1 hit point, a 2 (-4) in every ability score, and a speed of 1 foot. While on the target's skin, the worm can be killed by normal means or scraped off using an action (Oogie Boogie can use this action to launch a scraped-off worm at a humanoid it can see within 10 feet of the worm). Otherwise, the worm burrows under the target's skin at the end of the target's next turn, dealing 1 piercing damage to it. At the end of each of its turns thereafter, the target takes 7 (2d6) necrotic damage per worm infesting it (maximum of 10d6). A worm-infested target dies if it drops to 0 hit points, then rises 10 minutes later as a skeleton. If a worm-infested creature is targeted by an effect that cures disease or removes a curse, all the worms infesting it wither away.

**Soul Rend (Recharge 6).** Oogie Boogie creates a vortex of life-draining energy in a 20-foot radius centered on itself. Each humanoid in that area must make a DC 16 Constitution saving throw, taking 44 (8d10) necrotic damage on a failed save, or half as much damage on a successful one. Increase the damage by 10 for each living humanoid with 0 hit points in that area.
